SUB:- Guidelines for maintaining domestic supply on the rural feeders.

The following instructions are being issued for strict compliance:-

1. On the high loss feeders load shedding shall be done only between 12.00 Midnight to 4.00 AM. When the feeder losses are reduced, the load shedding shall be stopped. All cooperation from the hon'ble MLAs and Sarpanchs should be obtained for bringing down the losses. In any case, load shedding be completely stopped w.e.f. 1.4.2018 as already instructed.
2. Whenever there is a need for carrying out some new connection work augmentation/improvement under Deen Dayal Upadhyaya Gramin Jyoti Yojna/Mukhya Mantri Vidyut Sudhar Abhiyan, shut down should be taken only between 8.00 AM to 11 AM and 3.00 PM to 5.00 PM. No shut down shall be permitted between 11.00 AM to 3.00 PM.
3. The shut down should be taken only after prior publication in local newspaper.

Non-compliance of these instructions shall be viewed very seriously and disciplinary action shall be taken against the defaulting officials.
