

NOTICE REGARDING EXCESS MOBILE CALL CHARGES
DEDUCTION (AMOCC) IN SAP

It is intimated that **Mobile Bill Entry** in **PIS module of IMIS application** is in working condition and as per previous practice, mobile bill entries should be continued in IMIS application by concerned Nodal Officers till the same facility is prepared in SAP.

The excess mobile call charges obtained from IMIS should be entered in **Payroll module of SAP** to deduct this amount from employee's (mobile user) salary.
