

**NOTICE REGARDING PARALLEL PROCESSING OF IMIS ALONG
WITH SAP FOR THE FINANCIAL YEAR 2016-17**

- i. This is to inform all office In charges and Payroll admins that **PIS and PAYROLL modules of IMIS** application need to be continued in parallel along with **HCM-Payroll module of SAP** in the current financial year i.e. upto March 2017 . As HCM-Payroll module of SAP was started from Sept 2016 onwards, therefore all the annual payroll / Income Tax reports are to be generated through IMIS and also, reconciliation of payroll data with IMIS is required in the current financial year, so as to cross verify the effects / Retro effects of the changes (like DA, DA Arrear, Income Tax, ACP, 100% unpaid etc.) made in SAP module viz-a-viz IMIS for accuracy and guidance purpose.

This is for information and needful.
