ORDER

Sub : Requirement of "No Objection Certificate"
from RIICO for releasing new connections
under industrial and other categories.

In accordance with the existing provisions, it is necessary for the consumers to furnish "NOC" issued by RIICO for releasing a new industrial connections in RIICO industrial area. The RIICO vide their office order No. IPI/P-6/IDC/2k1/64 dt. 28-8-2000 has now clarified that the allotment letter/transfer permission letter issued by them shall be treated as NOC of the RIICO for taking power connection in the allotted plot, as such now there is no necessity of asking the prospective consumer for furnishing NOC from RIICO for release of power connection.

Certain doubts have also been raised by the field officers as to whether NOC of RIICO is necessary for releasing new connections under categories other than industrial category, in RIICO industrial area. The matter has been examined and it is to clarify that henceforth, the necessity of obtaining 'No Objection Certificate' (NOC) issued by RIICO for release of new electric connection under any category is dispensed with. However, the consumer shall have to produce either allotment letter for use other than industrial purpose or receipt of payment made to RIICO towards conversion of the land from industrial purpose to the purpose like Domestic/Non domestic etc.

By order,

(A.C. Gupta)
