ORDER

Sub:- Maintaining separate priority for electrified and un-electrified colonies.

It has been observed that a general priority is being maintained in sub-divisions for the connections applied in electrified and un-electrified colonies whether connection is to be released from service line or job work is involved for releasing the connection.

The matter regarding maintaining priority of connections applied in electrified and un-electrified colonies was discussed and it is decided that separate priority shall be maintained for electrified (where developer/ builder had electrified the scheme and the colonies in which more than 50% plots are electrified and rare job work is involved) and un-electrified areas (where less than 50% plots are electrified and intensive job work is involved).

All concerned are directed to ensure compliance of the above directions henceforth.

By Order,

(S.S.Mina)

Addl.Chief Engineer (HQ)
AVVNL Ajmer
