Ajmer, Dt. 9/6/22

ORDER

Sub: Application for taking an electric connection as per applicable supply voltage.

The applicable supply voltage and character of service for all categories are prescribed in Clause 4.1 of TCOS-2021 on the basis of connected load/sanction load/contracted demand. An applicant may apply for taking an electric connection as per applicable supply voltage in concerned sub-divisional office.

As per Clause 4.6 of TCOS-2021, applications for the consumers eligible for 11 KV supply voltage and requiring supply on 33 KV supply voltage can be allowed if contract demand is more than 500 KVA subject to providing the protection equipments as may be required as per CEA Safety Regulation amended from time to time. In case of electrification, application for providing supply on 33 KV supply can be accepted for minimum estimated designed demand of 1500 KVA. This provision shall also be applicable in case of load/contract demand extension/reduction.

Therefore, it is enjoined upon all the field officers that applications where applicable supply voltage as per Clause 4.1 of TCOS-2021 is 11 KV but consumer is requiring supply on 33 KV, the application may be accepted at sub-divisional level as per provisions of Clause 4.6 of TCOS-2021.

All concerned are directed to make strict compliance of above directions.

By Order,

(M.C. Baldi)

Addl. Chief Engineer (HQ.)
