ORDER

Sub:- Release of Industrial and Non Domestic Category Connection in case of Voltage Regulation of 11 KV feeder is more than 8% and the system improvement scheme has been sanctioned/approved.

In the past, directions were issued vide order Comml AJ- 404 for releasing the industrial connections which were pending due to the fact the 11 KV voltage regulations were more than 8% and the execution work of system improvement schemes were in progress. This relaxation was allowed only for releasing industrial category connections even before completion of augmentation work as to avoid loss of revenue to the Nigam and to resolve the grievances of consumers.

Recently, it has been reported that cases of non-domestic category consumers are also pending in many sub-division where the 11 KV voltage regulation is more than 8% and system improvement scheme has been sanctioned and the work is under progress. Now, to resolve the grievances of consumers and to avoid loss of revenue to the Nigam, it has been decided that non-domestic category connections may also be released in accordance with the procedure regarding release of industrial connections as laid down in Comml AJ-404.

It is enjoined upon all concerned to take action accordingly.

By Order,

(B.S. Ratnoo)

Chief Engineer (Comml.)

AJVNL, Ajmer.
