ORDER**Sub:- Regarding replacement of burnt Single Phase Distribution Transformers in rural abadi area / Dhani.**

It has been observed that in rural abadi area / Dhani whenever 10 KVA, 16KVA, 25KVA Single Phase Distribution Transformers are burnt due to one or another reason then some of the field officers prepare the scheme of system improvement by dividing the load into 2Nos. or more Distribution transformers of 5KVA rating in the interest of the Nigam. Whereas such type of practice is undesirable due to un-necessary financial burden on the Nigam and also provide illegal facility of running single phase motors / boring etc. especially where more than five (5) connections are fed from Single Phase Distribution Transformer in rural abadi area / Dhani (not scattered connections).

It is therefore, enjoined upon all field officers not to propose / prepare / sanction such type of schemes henceforth and failed Single Phase Distribution Transformer be replaced by similar rating or higher rating distribution transformer only.

By Order
