No. AVVNL/ CE(COMML)/XEN(C-II) /F./2014/D. 5185 Ajmer Dated. 7-10-14

ORDER

Sub:- Compliance of directions issued by "Rajasthan State Pollution Control Board" to disconnect the electric supply of consumer (s) for non compliance of directions issued under Section 31(A) of the "Air (Prevention & Control of Pollution)" Act-1981 and Section-33 (A) of the "Water (prevention & control of pollution)" Act-1974.

Instructions were issued from time to time in the matter, vide erstwhile RSEB's Order No. Comml.-352 dated 15.01.1998, Comm-414 dated 26.12.1998 and also vide Ajmer Discom's order No.Comml AJ 237 dt 30.01.06, Comml AJ 288 dt 07.04.07, Comml AJ 389 dt 02.01.09 to the effect that whenever directions are received from Rajasthan State Pollution Control Board, under Sections-31 (A) & 33 (A) of Air & Water Pollution Act respectively mentioning about default committed by any consumers, the same are required to be complied with immediately and compliance be reported to Rajasthan State Pollution Control Board (RSPCB).

Now, RSPCB expressed that after closure direction and direction to AVVNL for disconnection, the officials of AVVNL give 15 days notice inviting objection against Rajasthan State Pollution Control Board's order which is not right looking into the fact that AVVNL officials cannot arbitrate between RSPCB direction and defaulting units. It was further expressed by them that the issue has been examined at their end and decided that no prior notice in such cases required before disconnection due to following reasons:-

1. That the State Board normally issues directions for closure and disconnection of electric supply on after serving a show cause notice to the polluting industry giving 15 days time to submit its evidence-based reply/objection to the show-cause notice. After due examination of which, closure directions are issued. Hence, there is no need for a separate notice of 15 days by AVVNL.
2. That AVVNL reserved the right to disconnection of supply to the consumer after giving 48 hours notice in writing if it is reason there to believe that the consumer is contravening any of the provisions of the Act as per the Terms and Conditions for supply of Electricity-2004.
3. That the delay in disconnection of electric supply to the polluting units/process helps the defaulting units to continue its activity thereby causing severe threat to the environment. As many times it gives them time to obtain stay proceeding against Board's order.

It is, therefore, reiterated that whenever any directions are received from RSPCB under the aforesaid Acts, the same be strictly complied with, by making immediate disconnection of defaulting units.

This order is issued in supersession to all previous orders issued in this regard.

By Order,

(B.M. Bhamu)
Chief Engineer (Comml.)
