### Order

**Sub:** Depositing of defective energy meters in store.

The detailed procedure for depositing the defective meters in stores was prescribed vide Comml. AJ-553 dated 21.08.2014. Various field officers have raised the problem in identifying the consumer name and account number of these defective meters although the final reading of these meters were already taken at the time of replacement and accordingly unbilled consumption had already been charged in the respective consumer's bill, but the same are not being accepted by the Circle Store in absence of detail of consumer name and account number.

In this regard, it is clarified that to ensure billing of unbilled consumption of meter removed from consumer's premises either for testing or some other reason, detailed guidelines were prescribed to avoid loss of revenue to the Nigam. However, looking to accumulated defective meters lying with sub-divisions, such meter may be deposited with the respective circle stores, by recording certificate by AEn/ JEN/ ARO of the sub-division that last meter reading taken through HHT or where reading capturing was not possible either through HHT or through meter lab, has been billed on average basis as per provisions of TCOS-2004 by 20<sup>th</sup> May 2015. After 20<sup>th</sup> May 2015, the procedure as prescribed in Comml. AJ-553 shall be followed strictly in its right spirit and accumulation of such defective meters in sub-divisional stores and failure to its deposition in respective Circle Stores on non-maintaining the proper account shall be on the part of the concerned sub-divisional officer and shall attract disciplinary action against him.

By Order,

(B.M. Bhamu)  
Chief Engineer (Comml.)
