Dt.: 23.10.2017

ORDER MD-01

Sub: - Categorisation of domestic household connections.

We are having more than 30 lacs regular domestic connections and it is not possible to check each and every domestic connection periodically. To streamline the system all the domestic connections can be categorised in the following four categories:-

1. Category A:- (A/c Houses)

In category A, all the houses having Air conditioners are to be included.

2. Category B:- (Big Houses)

In category B, all the big houses without any Air conditioners are to be included.

3. Category C:- (Common House)

In category C all the common houses of medium/normal size are to be included.

4. Category D:- (Down Houses)

In category D, all the BPL houses holds and Kacche houses are to be included.

The Feeder Incharge will mark A,B,C, D on every leaf of Meter Reading binder according to the category of house as mentioned above while taking reading in coming billing cycle of respective bill group. This work is to be completed upto Dec-17. The ARO/Ledger keeper will check the consumption trend of A&B category houses and put up their report to AEN/JEN/Feeder Incharge. The team of ARO & respective JEN/Feeder Incharge will assess the consumer who may indulge in theft/misuse of electricity according to their connected load and consumption trend.

The vigilance officers and XEN/AEN/JEN (O&M) will check the A&B category houses according to the trend of their consumption on regular basis as per report of the consumption pattern. In this way the vigilance raid will be conducted only after proper analysis or specific information so that the genuine consumers will not be harrassed unnecessarily.

SE (IT), AVVNL, Ajmer
RR No. 1992 Date 24/10/2017
Section ENT

24/10/2017

Also awareness campaign be launched among C&D categories consumers to make them understand about the consequences of indulging in theft/misuse of electricity. The AEN/ARO will ensure that the meters of C&D category consumers remain in working condition for correct recording of consumption so that the requirement of Vigilance checking of C&D categories households can be minimized.

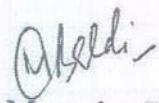

The XEN (O&V) will ensure compliance of above directions in the field.

(B.M. Bhamu)
