Copy, along with enclosure, to the following:

PS to Hon'ble MoSP(IC)/PPS to Secretary/PPS to AS(SP)/PPS to JS(Dist)/ PPS to JS&FA/PS to Director (RE)/ PS to Dir (IPDS), Ministry of Power.

Copy, along with enclosure, also forwarded to Technical Director, NIC, Ministry of Power with a request to upload on MoP website.

- (v) SC/ST household
- (vi) Households with no literate adult above 25 years
- (vii) Landless households deriving a major part of their income from manual casual labour

The un-electrified households having at least one deprivation out of above seven deprivation indicators would be eligible for free electricity connection under Saubhagya.

Any left out un-electrified BPL households not covered in projects sanctioned under DDUGJY including RE component would also be eligible for free electricity connection under Saubhagya.

2.3 Since the scheme envisages universal household electrification, any un-electrified households not found eligible as per SECC data would also be provided electricity connection. For such households which are not found eligible as per the SECC data as detailed above in para 2.2 and provided electricity connections under the scheme, an amount of Rs.500 per household for release of connection would be recovered by the DISCOMs/Power Departments in ten (10) installments, of Rs 50 each, along with electricity bills. An amount equivalent to such recovery of applicable charges from the households shall be deducted from the eligible grant from GOI payable to the DISCOM/Power Departments as per this scheme. Amount so recovered can be spent for the scheme as decided by the Monitoring Committee.

2.4 The electricity connections to un-electrified households include provision of service line cable, energy meter including pre-paid / smart meter, single point wiring, LED lamp and associated accessories in line with technical specifications and construction standard as detailed in Annexure-V.

The last mile connectivity includes erection of pole, conductor etc. as may be required for extending service connections to remaining un-electrified households.

2.5 All remaining un-electrified household would be provided single phase electricity connections with suitable energy meter, as per applicable regulations of CEA modified from time to time, under the scheme. No household would be provided electricity connection without energy meter.

2.6 In case of un-electrified households located in remote and inaccessible areas, power packs of 200 to 300 Wp (with battery bank) with a maximum of 5 LED lights, 1 DC
