1.1.6. Manager - Internet Explorer

(1) Click on Desired Module.

1.1.7. Manager - Internet Explorer

(1) Click **Show status** [Show status](#).

1.1.8. Manager - Internet Explorer

The screenshot displays the SAP Workforce Performance Builder Manager interface. At the top, the SAP logo is on the left, and the text 'Workforce Performance Builder Manager' and 'Welcome 999004617 (Bhawana Hundawa)!' are on the right. Below the header, there are navigation tabs for 'Learner view', 'Settings', and 'Help'. The main content area is titled 'Learner view' and contains two panels. The left panel, titled 'Course', lists several modules: FICO MODULE, HCM MODULE, MM Module (highlighted in orange), PM MODULE, and PS MODULE, each with a count of 0. The right panel, titled 'Search results for "" (course: MM Module)', shows a list of video titles and their status, all of which are 'not started'. The video titles include 'Complaint_print Demo (MM Module)', 'GST_MAT_PO Demo (MM Module)', 'GST_SERV_PO Demo (MM Module)', 'PO_Final_closure Demo (MM Module)', 'PO_short_close Demo (MM Module)', 'Project_Indent Demo (MM Module)', 'QM01-COMPLAINT Demo (MM Module)', 'Scrap_deposition Demo (MM Module)', 'SES_DEL Demo (MM Module)', and 'Stock_report Demo (MM Module)'. A 'Show standard' link is visible in the top right of the search results panel.

The list of videos will appear, click on desired video.
