Annexure D: Additional Conditions of Contract

1. Correction of arithmetical errors

Provided that if the final Bid is substantially more than or less than the Entry, and the correction of arithmetical errors during evaluation of Final Bids establishes an obvious error, it shall be rectified. The total price shall be corrected unless the amount exceeds $1000. If there is an obvious arithmetic error in the quantities, the total price as quoted shall govern and the unit price shall be corrected.

2. Procuring Entity's Right to Vary Quantities

(i) At the time of award of contract, the quantity of Goods, works, or services specified in the Bidding Document may be increased or decreased by a percentage, but such increase or decrease shall not exceed 25% of the total amount specified in the Bidding Document. It shall be without any change in the unit price or any other terms and conditions of the Bid and the conditions of contract.

(ii) If the Procuring Entity does not recognize any subject matter or exercise of powers in a manner that is not in accordance with the Bidding Document, the Bidder shall not be entitled for any claim or compensation except in the provision for the Conditions of Contract.

(iii) In case of procurement of Goods or services, an additional quantity may be ordered by placing a repeat order in the time and conditions of the original order. However, the additional quantity shall not be more than 30% of the value of the contract and shall be paid within 90 days from the date of receipt of notice. If the Supplier fails to deliver the required quantity within 120 days, the repeat order shall be cancelled and the Bidder shall be relieved from the contract.

3. Dividing Quantities among more than one Bidder at the time of Award (In case of procurement of Goods)

As a general rule, all the quantities of the subject matter of procuring entities shall be procured from the Bidder, whose bid is accepted. However, when it is evident that the quantity of the subject matter of procurement to be procured is very large or in the capacity of the Bidder, whose bid is accepted, to deliver the entire quantity or in the nature, such cases may be divided between two or even more Bidders or a smaller quantity may be divided between two or even more Bidders in a manner, in such cases, the quantity may be divided between the smaller quantity or even more Bidders in a manner, in such cases, the quantity may be divided between the smaller quantity or even more Bidders or a smaller quantity may be divided between two or even more Bidders in a manner.
