ORDER

In order to co-terminus financial year of Payroll with the financial year of company accounts so as to take into account the requirement of SAP-ERP implementation, It has been decided to shift from existing financial year for the purpose of salary i.e. 'from March to Feb' to financial year of the company account i.e. 'from April to March'. Accordingly the calculation of income tax for this Financial Year (16-17) will have to be performed taking into account salary of 13 months i.e. March 16 to March 17 during this financial year only.
