Revised Procedures and guidelines for Chartered Electrical Safety Engineer

Following procedures and guidelines are hereby issued for Chartered Electrical Safety Engineers authorized by the Government of Rajasthan through notification No.F.23 (3)Energy/2015 dated 21.03.2016 and order by Energy Department F. 23(5)Energy/16 dated 20.06.2017 for meticulous compliance

1. Chartered Electrical Safety Engineer (CESE) shall undertake the works only for which they are authorized by the Government of Rajasthan
2. The work procedures to assess the safety of electrical installation by CESE shall be governed by Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulation, 2010 as amended from time to time.
3. The CESE shall submit following documents duly filled and signed, in the office of Electrical Inspectorate of his/her area within 3 working days from self-certification of the electrical installation
   a. checklist provided at Annexure-1, for the list of documents to be submitted to the office of Electrical Inspectorate;
   b. details of inspection done in CEA’s prescribed form I/II/III as the case may be (Annexure-2);
   c. Test results as required in the CEA Measures relating to Safety and Electric Supply (Regulation, 2010 as amended from time to time (Annexure -3);
   d. copy of demand draft/cheque/online receipt of the payment received in lieu of the self-certification;
   e. copy of the equipment-wise break-up of the fees charged; and
   f. copy of self-attested CESE permit issued by Electrical Inspectorate, Rajasthan
4. In any case, whatsoever, the CESE shall not charge fees more than that of the prescribed by the Government of Rajasthan.
5. The CESE shall provide self-certification in the form I/II/III as may be applicable.
6. The CESE shall provide self-certification of electrical installations that has used all electrical equipment as per BIS/IS. Local equipment which are not as per BIS/IS shall be discouraged to use in view of Electrical Safety.
7. The CESE shall use valid calibrated instrument for the purpose of recording test results in Annexure-3 and shall provide name of instrument used along with its validity of calibration in a separate sheet as supplement.
8. The officer of the Electrical Inspectorate, not below the rank of Assistant Electrical Inspector, may cross-verify the safety of the Electrical Installation self-certified by the CESE in his/her presence. Equipment/instrument to cross check the inspection result submitted by CESE in Annexure-3 shall be arranged by the CESE, if the officer of Electrical Inspectorate may desire so.
Provided, the above cross-verification can be done within 3 months of the date of self-certification and after giving clear 15 days prior notice to CESE of such intention.

9. The CESE shall provide consolidated list of works executed (Annexure-4) in a quarter within 15 days of the end of that quarter.

10. If it is found that the CESE has violated any of the procedure and guidelines mentioned above, the Technical Committee may cancel or suspend the permit to work as Chartered Electrical Safety Engineer. Provided, one chance is offered to the CESE to represent himself before the Technical Committee before cancellation/suspension of the said permit.
