Sub: - Regarding replacement of defective agriculture meter under ARC-2019.

The Chairman Discom in review meeting dated 3.6.2021 directed to check all agriculture connection meters and the defective meters should be replaced in a time bound manner. The procedure for replacement of these defective agriculture meters installed in existing Meter & protection box attached with distribution Transformer was discussed & following directions are hereby issued to get replaced these meters:-

1. The defective meters of existing Meter & protection box attached with distribution Transformer shall be replaced with healthy Three phase Meter with meter box & shall be installed on PCC pole of DP structure so as to unable easy access for reading to Feeder- In-charge/Jen. The 4 core LT XLPE armoured cable from outgoing of MCCB to incoming of meter terminal will be provided by Nigam. Rates are available under Chapter 9 of ARC 2019.
2. Existing welding of door of M&P box fitted with Three phase DT may be cut & again welded for which rate under head 6.32 of ARC-2019 is available.
3. The replacement of defective meter may be carried out on ARC-2019. However, before placing order on ARC 2019 availability of budget shall be ensured.

This bears the approval of Managing Director, JVVNL, Jaipur.

(D.K. Sharma)
Addl. Chief Engineer (PPM)
