No.JPD/MD/TA-I/F. /D. 457

Jaipur, dated: 12/07/2019

**ORDER**

It has been observed that the quality of work of Operation and Maintenance of distribution network has deteriorated for last few years and that too after having incurred huge expenditure on R&M of lines and Sub-stations.

It appears that the officers specially the XENs(O&V) concerned have not been carrying out the inspection of works and also the lines and Sub-stations, which is causing increased power supply failure and sometimes accidents also.

The XENs (O&V) divisions are hereby directed to carry-out the inspections of lines and Sub-stations under their jurisdiction especially at vulnerable locations like densely populated residential and commercial areas, bus stands, entry and exits of public gathering places, road crossings, school, colleges, houses of public worship like temples, mosque etc. and make out a report so as to take immediate corrective action by deploying the maintenance team along-with concerned AENs/JENs. For this purpose if need be temporary manpower may be deployed with the sanction of Circle S.E. and complete the task within one month period.

Copy of Inspection Report be submitted to Director(Tech.)/ZCE/SE(O&M) by XENs within a period of one week positively.

Non-compliance shall be viewed seriously.

(A.K.Gupta)

Managing Director
