ORDER

Sub: Tariff payable to the Grid Connected Rooftop & Small Solar Photovoltaic Systems under Net Metering Regulation, 2015

The Detailed Guidelines & Procedure for Net Metering and Grid Connectivity of Grid Connected Rooftop & Small Solar Photovoltaic Systems has already been issued vide JPR5-756 wherein as per clause G : Energy Accounting & Settlement sub clause (4) says that "in the event the electricity injected exceeds the electricity consumed during the billing period, such excess injected electricity shall be paid by the Jaipur Discom at feed in tariff prescribed by the Commission from time to time for Solar Photo Voltaic generation in next billing period provided that such export is above 50 units. Net energy credits less than 50 units under Net Metering achieved in the particular billing period shall be adjusted in the next billing period till credit of 50 units is achieved:"

The RERC vide their letter No. 546 dt. 24.07.2015 has issued the orders regarding applicable tariff for Roof Top SPV Power Plants installed under Net Metering Regulation 2015. The Roof Top Solar PV System covered RERC Net Metering Regulation, 2015, irrespective of grant of any subsidy, would be paid tariff for net excess power exported to the grid by them as per the para 63 of the commission order dt. 19.06.2015 issued in the matter of determination of bench mark capital cost for solar PV and Solar Thermal Power Project applicable during FV 2015-16 and resultant generic levelised tariff.

Therefore, in view of the above the Energy charges payable to the consumer for export of solar energy above 50 units under Net metering arrangement is **Rs.6.74/ KWh** till the next tariff order is issued by the commission irrespective of the grant of Subsidy and in this regard CAO(Control), JVVNL, Jaipur will issue necessary directions to the billing agency/ field officers in accordance with the existing provisions of clause G(8) of order JPR5-756.

By Order

(A.K. Singh)

Superintending Engineer(Comml.)
