ORDER
Sub: Regarding tariff payable to the consumers for excess energy supplied to Discom under Net Metering Regulation 2015

The Detailed Guidelines & Procedure for Net Metering and Grid Connectivity of Grid Connected Rooftop & Small Solar Photovoltaic Systems has been issued vide JPR5-756 and subsequently orders JPR5- 768,769,774,794,801, 815 & 818 were issued on the subject matter.

The regulation provides that in the event the electricity injected by such system exceeds the electricity consumed during billing period, such excess exported energy to the grid by the consumer/generator would be payable by the Distribution licensee at feed in tariff determined by the commission from time to time for solar photo voltaic generation in next billing period provided that such export is above 50 units.

Earlier the feed in tariff at which payment is to be made to the consumers for excess units supplied to Discoms was decided as Rs. 6.74/unit vide order Dated 19.6.2015 issued by RERC. Now RERC has issued order dated 23.8.2016, " In the matter of Determination of Benchmark Capital Cost for Solar PV and Solar Thermal Power Projects applicable during FY 2016-17 and resultant Generic Levellised Tariff". The rate for feed in tariff is decided in this order is decided as **Rs. 5.40/unit**. The tariff would be payable to all such systems set up under Net Metering during FY 2016-17 and earlier and would be irrespective of grant of capital subsidy and/or AD benefit being availed by them.

It is therefore directed that feed in tariff at which payment is to be made to the consumers for excess units supplied to Discoms is Rs. 5.40/unit till further orders w.e.f. 23.8.2016. For intervening period from 1.04.2016 to the date of issuance of the order (i.e. 23.8.2016) , the amount payable by Discoms would be adjusted in following Billing cycle.

By Order
