ORDER

Sub: Regarding providing of single phase connections to NDS and SIP category in scattered area upto 10 KW sanctioned/connected load.

The Rajasthan Electricity Regulatory Commission has issued an order dated 9.08.2017 regarding amendment in RERC (Supply Code & Connected Matters- Eleventh amendment) Regulation-2017 and notified the same on dated 10.10.2017.

Consequently, Jaipur Discom issued an order vide No, JVVNL/MD/CE(HQ)/SE(Comml.) /D.1870 Dated: 12.12.2017 (JPR5-914) regarding amendment in corresponding clauses of the TCOS. As per the item No. 7, a new note (v) under clause-2 denoting “Category of consumer and character of service” has been added which provides that

“In scattered area single phase connections to NDS and SIP category may be released upto 10 kW sanctioned/connected load on the request of the applicant subject to providing of AMR system as per guidelines issued by the Discom in this regard along with cost of electric network including sub-station by the applicant himself and it shall be responsibility of the applicant to maintain the same in healthy condition after release of the connection.”

During the various review meetings and at the level of management it has been brought that at present single phase energy meter to cater the load of 10 KW with AMR facility is not available in the market,. Moreover there is no HES (Head End System) is available in the Discom to capture, store the readings & other data from the remote location of AMR.

Desktop/San/JPR

In view of the above, the following has been decided/ directed:

1. The applicants may be allowed to purchase single phase energy meter of 10-60 Amp or higher rating to cater the load of 10 KW at its own and get it tested in JVVNL's Meter Lab after depositing of prescribed testing fee.
2. Further the consumer shall undertake that whenever energy meter with AMR facility specification of JVVNL alongwith requisite online HES(Head End System) is made available, the meter procured by consumer shall be replaced by new one.

All concerned are directed to make strict compliance of above directions.

By order,

(Anil Gupta)

Superintending Engineer(Comml.)
