

ORDER

Sub. : Incentive scheme for maintaing "Fault Free Feeders" during a month, in Industrial area(s).

During the course of discussions in the meeting of Executive Engineers of important industrial areas held on 15-1-08, the matter of delay in issue of sanction for the incentive (as per JPR5-205) of bringing fault level on 11 KV industrial feeders to zero level was discussed.

After discussions it has been decided that in future sanction for such a case will be issued by sanctioning authority within seven days after receipt of the case directly from the Executive Engineer. It is enjoined upon all the concerned officers to ensure that desired sanction is issued within seven days.
