ORDER

Sub.: Instructions regarding arranging HT fuse elements in case of consumers having contract demand upto 500 KVA and Breakers for consumers having contract demand above 500 KVA.

The subject matter was discussed in the meeting of XENs of important industrial area held on 15.7.08. After detailed discussions, following decisions has been taken:

1. All consumers having contract demand upto 500 KVA be advised to purchase fuse elements for HT side with a reserve stock of 12 months. However it is mandatory for consumer to provide protection on LT side.
2. All prospective consumers (new) requiring demand above 500 KVA shall invariably provide breaker units on HT & LT side.
