ORDER

Sub: Release of connections for drinking water supply in Abadi Areas & Non-abadi areas of the Village.

On the subject cited above, instructions were issued for releasing single phase connections for drinking water supply only in Abadi Areas, in favour of PHED or Gram Panchayat.

Query have been raised by field officers if single phase drinking water connections can be released in favour of PHED or Gram Panchayats in non abadi area(s) of villages or not?

In this context the matter has been examined & I am directed to clarify that such connections (single phase) can not be given in non abadi area(s) of villages.

It is, however reiterated that 3 phase connections for water supply in the non abadi area(s) of villages can be released in terms of Order JPR5-445 dt. 13.2.08 which prescribes procedure for release of small industrial and Non Domestic connections in non abadi area(s) or villages

By order,
