CLARIFICATION

Sub: Clarification regarding execution of agreement with Large Industrial consumers when they apply for increase or decrease in the contract demand.

During the course of meeting of XEN's of important Industrial areas held on 16th October'08, a query was raised by some of the officers whether new HT agreement is required to be executed with the consumers when they apply for increase or decrease in the contract demand.

The matter has been examined and in this connection, I am directed to clarify that the formal agreement in the prescribed format on a non judicial stamp paper as per the proforma prescribed in the TCS-04 is to be executed with the large industrial consumers at the time of release of new connection. Subsequently, if the consumer applies for increase or decrease in the contract demand, the same doesnot warrant execution of new agreement with the consumer. In such cases, mutual exchange of letters between Nigam and the consumer for increase/decrease in the contract demand is sufficient and therefore, no new separate agreement is required to be executed.
