Dt. 12.02.09

ORDER

Sub.: Release of Industrial Connections in case of Voltage Regulation (VR) is more than 8% & the system augmentation scheme has been approved.

It has been reported that in many sub-divisions the industrial connections are pending because of the fact that the 11 kV Voltage Regulation is more than 8%. However, the system improvement scheme has been approved but completion of the work is likely to take some time.

In this connection, it is enjoined upon all the field officers to take action for issue of demand notice & release of industrial connection, even before completion of augmentation work in the interest of avoiding loss of revenue to the Nigam and for resolving consumer's grievances.

Field officers should, however, ensure that the proposed augmentation works are completed in a time bound manner.
