

**JAIPUR VIDYUT VITRAN NIGAM LIMITED
OFFICE OF THE CHIEF ENGINEER (COMMERCIAL)**

No. JPD/CE(C)/C.I/F.4(261)/Pt.IX/D. 419

Dt. 17.2.09

ORDER

Sub.:- Accepting HT meter boxes from intending consumers under Large & Medium Industrial categories.

It has been reported in the meeting of Executive Engineers held on 10th Feb. 09 that a number of new connections under Large & Medium Industrial categories are lying pending due to non availability of HT meter boxes. Under the present circumstances, the availability of meter boxes with the Nigam is less as a result of which release of new connections is getting delayed in some area(s). In order to circumvent the problems, it was decided that the prospective consumers be allowed to provide their own meter box in case the same conforms to the technical specifications and standard design prescribed by the Jaipur Discom for the meter boxes. The same shall be required to be approved by the SE (Meters) or his authorized representative before installation at consumer's premises. This time gap arrangement has been prescribed to avoid hardship to the consumers.

Further for the intending consumers who have already deposited the cost of meter boxes as per the demand notice and have now come forward to provide their own HT meter box duly approved by SE (Meters) or his authorized representative, the cost of meter box be refunded through adjustment in energy bills, after release of connection to the intending consumer.

These instructions shall remain in force up to 31st March, 09.
