

**JAIPUR MIDYUE VITRAM NIGAM LIMITED**  
**OFFICE OF THE CHIEF ENGINEER (COMML.)**

No. JPD/CE(C)/SE(C)/XEN(C.I)/# (210) P.L. D /D. 1821

Dated 13.10.2010

**ORDER**

Sub :- Change of category from SIP to MIP in eventualities when the maximum demand exceeds 18.65 KW for more than two times in a financial year.

As per provisions of Tariff, the Small Industrial Service (Schedule-SP/LT-5) is applicable for consumer having aggregate connected load not exceeding 25 HP including admissible lighting load and Medium Industrial Service (Schedule-MP/LT-6) is applicable for aggregate connected load above 25 HP (18.65KW). Presently 3 phase static (10-60 Amps.) energy meters are installed in case of 3 phase SIP connections. These meters also display the maximum demand in KVA/KW. While going through the billing data of such SIP connections it has been reported that a number of small industrial consumers are having connected load more than 25 HP but are still being billed under SIP category. Notably, the tariff for small industrial tariff is low as compared to medium industrial tariff, as a result thereof, consumers tend to remain under the applicability of small industrial tariff schedule. In such cases the revenue of the Nigam is adversely affected due to applicability of lower tariff instead of higher tariff applicable for MIP category.

In addition to above some queries were also raised by various field officers for clarifying the matter under different situations.

To allay the doubts & to have uniform & correct application of the Nigam's existing provisions for small industrial consumers (SIP) who have exceeded the maximum demand above 18.65 KW more than two times in a financial year, the following guidelines are issued to deal with such cases :-

- 1) Whenever a small industrial consumer exceeds maximum demand above 18.65 KW two times in the same financial year then on 2<sup>nd</sup> occurrence a notice shall be given by the concerned Assistant Engineer to the consumer for information and awareness clearly stating that your maximum demand have increased two times during this financial year 1<sup>st</sup> in the month of \_\_\_\_\_ and 2<sup>nd</sup> in the month of \_\_\_\_\_. This indicates that your connected load is more than your sanctioned load. Now, if your demand shall exceed for the 3<sup>rd</sup> time in any month

Dy. CE (IT & CRP)  
 RR No. 2627 Date 18.10.10  
 XEN P/CRPTA/Sr. P.OIPA/Acting

Dy. CE (IT & CRP)

(during this financial year) your category would be changed to MIP by considering highest recorded Maximum Demand out of 3 occurrences as your connected load and billing would be done accordingly for a minimum period of 12 months. After expiry of 12 months if you wish you can apply for load reduction as per the clause 39 of TCOS-2004.

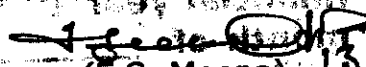

- 2) Financial year is considered as consumption months from April to March.
- 3) The Billing for the months in which Maximum Demand exceeded 1<sup>st</sup> and 2<sup>nd</sup> time shall be as per the tariff under which the connection was existing.
- 4) Action regarding augmentation of system including proper metering should also be taken by field officers accordingly.
- 5) The amount of additional security is to be recovered if security against two months consumption is less.

**Illustration:**

- i) Suppose the sanctioned load of consumer is 25HP (18.65 KW)
- ii) The demand was increased above 18.65 KW (25HP) in the month of  
June, 2010 : 20KW  
Sept. 2010 : 30KW  
Jan. 2011 : 25KW
- iii) Notice is to be issued to consumer on Oct., 2010 in the month of
- iv) The billing with demand more than 18.65 KW will be started by taking 30 KW load as connected load till 12 months i.e. up to Jan. 2012 (i.e. Feb. 2011 to Jan. 2012) : Billing in MIP category shall be started from the billing month of Feb. 2011 and continue minimum upto Jan. 2012
- v) Billing for the month June 2010 & Sept. 2010 will be done on small industrial tariff under which the connection was existing.

This order is issued in supersession of earlier order No. JPR5-222 dt. 11.08.04 & JPR5-272 dt. 17.06.2005 and field officers are advised to follow the above instructions with immediate effect.

"The above instructions/directions/clarifications has been issued with the approval of the Hon'ble CMD, Jaipur, Discom, Jaipur"

  
(E.S. Meena)  
Chief Engineer (Comml.)
