

JAIPUR VIDYUT VITRAN NIGAM LIMITED
 (Office of the Superintending Engineer (Comml.)
 Vidyut Bhawan, Janpath, Jaipur.

No. JPD/SE(C)/MEN (C-1)/F. /D

1327

dt: 05-10-2011

ORDER

Sub: Permitting the applicant for industrial connection to provide their own CT-PT Set, if the same are not available in the Nigam Stores.

Sometimes there is non-availability of requisite ratio of CT-PT sets in the Stores of the Discom due to which the release of connections to consumers particularly industrial ones gets abnormally delayed. Such situation is not in the interest of the Discom as delay in release of industrial power connections deprives the Discom from early receipt of substantial revenue. More so, this also leads to escalating the grievances of the prospective consumers vis-à-vis existing consumers.

To circumvent such a situation, instructions were issued vide Order No. JPDE/CE (Comml)/SE(C)/C.1/F.4(210)/Pt.XIV/D.2071 dated 26.10.2007 (JPR5-429) prescribing that in case the CT-PT sets of requisite ratio are not available in the Circle/ Sub-division Stores, the applicant whose connection is lying pending for want of CT-PT set can be advised to bring his own CT/PT set for avoiding delay in release of power connection. It was also laid down in the said order that the CT-PT sets to be provided by the consumer/applicant should be of the same specifications as prescribed by Discom and should be manufactured by the manufacturers approved by the Discom. Besides, the CT-PT sets of the consumer should be got successfully tested in CTL/Meter testing laboratory of Discom and should fully meet the required tests before installation.

It was also laid down that in such case the non-availability /no objection certificate is to be obtained from the SE (M&P) by the field officers to the effect that the required ratio of CT-PT set is not available in the Circle / Sub-division Store before advising the consumer to provide his own CT-PT set.

It has been observed that presently the arrangement of CT-PT sets is being done by the Circle SEs for various power connections and, therefore, to curtail delay in obtaining the non-availability and no objection certificate from the SE (M&P) of the Discom, such certificates may be issued by the Circle SEs. However the relaxation for the applicants to provide their own CT-PT sets shall be admissible up to March 2012. Meanwhile MM Wing shall ensure sufficient and regular availability of the CT/PT sets in the Stores on a continual basis. The existing order JPR5-429 is, therefore partially modified to this extent.

(K. K. Purohit)

Superintending Engineer (Comml.)
