(DEPT. OF COMMERCIAL OPERATIONS)

No. JVVNL/Dy.CE(C)/XEN/C.II/F.Fatal/D. 261

Dt. 2.3.2001

CIRCULAR

Sub : Fatal accident of Public man or animals
due to electrocution from electric lines
and poles of Discoms.

It has been observed that a number of fatal accidents of public man/animals occur due to electrocution because of inadequate protection/maintenance of lines and not providing Stay Insulators on the stay wires etc. Consequently the company has to pay Ex-gratia to the family of the deceased.

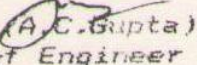

To over come the problem it is reiterated that all electric lines and poles and other installation of the Company should invariably be checked at regular interval and proper maintenance should be carried out. This would definitely reduce cases of fatal accidents.

It is now enjoined upon all the field officers XENs/AENs/JENs to take suitable preventive action so that no electrical accidents take place in their area because of poor installation or poor maintenance. In future if it is found that any accident has occurred due to slackness on the part of official/officers of the company, the responsibility will be fixed against the concerned XENs/AENs/JENs only and decreed amount recovered accordingly.

(Dr. Ashok Singhvi)
Chairman & Managing Director
