CLARIFICATION

Sub: Review of amount of Security Deposit from new consumers and recovery of additional security deposit thereof.

According to Order No. 1942 dt. 20.12.2001 (JPR5-53), the amount of security deposit should be reviewed in the next financial year on the basis of average monthly consumption of preceding year & the difference, if any, in the reviewed amount and the amount of security deposit already available with Jaipur Discom, should be recovered from the consumer as additional security.

It has been gathered that the above Order No.JPR5-53 is not being applied in its true spirit. The field officers are reviewing the amount of security even prior to completion of 12 months period after release of connection , which is not in order .

It is, therefore, enjoined upon all the field officers that the directions of the RERC are to be followed/implemented in correct spirit. Accordingly it is reiterated that in case of new connection, the security deposit should be reviewed only after completion of 12 months period from the date of release of connection and in case there is shortfall of security, i.e. the available cash security falling short of required cash security/revised cash security on the basis of average monthly consumption of preceding year, the same should be recovered from consumers.
