NO.JP-Discom/CE (C&P)/SE(C)/C.I/F.4(210)/Pt.V/ D.342 Dt. 27.02.04

**ORDER**

**Sub: Release of connections for Domestic/Non Domestic purposes in the premises where one industrial connection is already existing/new industrial connection has been applied for.**

The matter regarding release of separate sub metered connection for domestic /non domestic purposes in the premises where one industrial connection is already existing/new industrial connection has been applied for was considered by the coordination committee in its 67th meeting held on 19<sup>th</sup> Feb'04. The coordination committee has decided as under:-

1. The connection for domestic/non domestic purposes be permitted to be released alongwith industrial connections only as a sub meter to the main industrial connection.
2. For the sub metered connection so released, the fixed charges for sub-metered connection, as prescribed under tariff are not to be recovered and only energy charges are to be recovered. Fixed charges however, are recoverable in accordance with Tariff for main industrial connection.

*my*

Field officers are therefore advised to make strict compliance of these instructions and it should be ensured that henceforth whenever any industrial consumer applies for separate connection for Domestic/non domestic purposes the same be released as a sub-metered connection of the main industrial connection.

  
(S.C.Malhotra)  
Chief Engineer (C&P)
