Sub : Applicability of tariff for Hospitals/  
Dispensaries, run by Medical & Health  
Department, Government of Rajasthan.

It has been reported by the Medical & Health Department that a number of CHCs/PHCs/Sub-Centre run by Medical & Health Department are being charged at Non-Domestic rate for their power consumption. This practice is not correct as the Hospitals, Dispensaries, Clinics and Nursing Homes maintained by Government/Red Cross Societies/Trust/Co-operatives are covered under the applicability of Tariff "Bulk Supply for Mixed Load" (Schedule ML/LT-7) .

*my*  
It is, therefore, clarified that for Hospitals/  
Dispensaries/Clinics and Nursing Homes maintained by State Government/Central Government, Red Cross Societies/Trust/Cooperatives if Non-domestic Service (Schedule NDS/LT-2) tariff is being applied, the same should be stopped and Bulk Supply for Mixed Load (Schedule ML/LT-7) tariff should be applied with immediate effect.

By order,
