**JAIPUR VIDYUT VITRAN NIGAM LIMITED
(OFFICE OF THE CHIEF ENGINEER (C&P))**

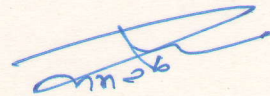

NO.JP-Discom//CE(C&P)/SE(C)/F.4(210)/Pt.VI/D.139 Dt.21.4.04

ORDER

Sub: Expediting release of connections under NDS
LT-2 category for loads 20 KW and above.

It has been observed that there is inordinate delay in release of non domestic connections having higher sanctioned connected load. As you are aware that the tariff applicable for non domestic connections is the highest tariff as per "Tariff for supply of Electricity" and therefore, any delay in release of such connections is causing avoidable loss of revenue to Jaipur Discom.

This matter was discussed in the meeting of Sr. Officers held on 12th April'04 wherein it was decided that with a view to expedite release of non domestic connections for sanctioned connected load 20 KW and above separate priority should be maintained in the sub division. By maintaining separate priority for applications for non domestic connections of connected load 20 KW and above, the release of such connections would be expedited and will add to the revenue of the Nigam. It is, therefore enjoined upon all the field officers to maintain separate priority in the priority register of the sub division in respect of applications for connections of loads 20 KW and above. It is, however, directed that the priority of applications for connections below 20 KW is to be maintained separately by the field officers as hitherto.

(S.C Malhotra)
Dy.Chief Engineer (C&P)
