ORDER

**Sub : Refund/adjustment of cost of energy Meter recovered
in lieu of security.**

In accordance with the existing provisions and also Corrigendum order JPR5-147 dt. 24-11-03, the cost of energy meter is required to be refunded to the consumer at the time of permanent disconnection. Queries have been raised by the field officers seeking clarification as to whether the amount available as meter security against outstanding dues of PDC consumers can be adjusted or not.

In this connection, the matter has been examined and it is to clarify that the security is recovered from the consumer against consumption and in lieu of cost of energy meter. The amount of any security available with the Nigam can be adjusted against the Nigam's claim irrespective of the fact that it is consumption based security or security in lieu of cost of energy meter. It is, therefore, enjoined upon all the field officers that whenever there are outstanding dues against permanently disconnected connection, the amount of security available towards consumption as well as against the cost of energy meter may be adjusted against the outstanding dues.

By order,

Dy. Chief Engineer (C&P)
