ORDER

Sub: Insisting for producing Indemnity Bond from applicants applying for new connections in the capacity of an occupier/tenant for domestic light connection with the Nigam.

It has been reported that some of the field officers are asking the applicants for producing/furnishing Indemnity Bond alongwith the application for release of new connections with the Nigam. It has also been reported that such bonds are insisted upon the applicants in case they apply in the capacity of an occupier/tenant for release of new connections. This practice is not covered under the provisions of "Terms and Conditions for Supply of Electricity-04" and is thus causing unnecessary harassment to the applicant.

It is therefore enjoined upon all the field officers not to insist for production of indemnity bond from prospective consumers who are applying in the capacity of an occupier/tenant for release of new connections with the Nigam.

These instructions should be strictly followed by all officers.
