Sub:- Insisting for production of Indemnity Bond at the time of release of connections to tenants / occupiers

Instructions have been issued vide this office letter No. 1209 dated 22.6.05 JPR-5-276 not to insist for production of Indemnity Bonds from the applicants who apply for release of new connections in the capacity of occupier / tenant as the "Terms and conditions for Supply of Electricity-2004" does not prescribe for taking such Indemnity Bonds from prospective consumers applying for connections in the capacity of tenants / occupiers from any category of consumers. It is, therefore, advised that the same should not be insisted upon from prospective consumers of any category.

This is issued to clarify the position and allay doubts as some of the field officers are pressing for production of Indemnity Bonds from tenants/occupiers of categories other than domestic category.

By order

(R.P. Goyal)
