ORDER

**Sub: Taking the reading of MIP connections
Through CMRI.**

It has been observed that the meter reading in the case of MIP category of consumers (MIP/LT-HT) are not being taken through CMRI. Recently sufficient number of equipments have been made available to the field officers for taking the readings through CMRI and for forwarding the same for the purpose of billing. It has been decided that with effect from 1st November'05 monthly readings of consumers should invariably be taken through CMRI and forwarded to the concerned quarters without fail. It is to point out that in case the readings has not been taken through CMRI the same would not be accepted for the purpose of billing.

mp Above instructions should be followed strictly.

(B.L.Agrawal)
Dy.Chief Engineer (CP&RE)
