ORDER

**Sub: Regarding release of industrial and non domestic connections in Non-abadi area in rural sub division – Cancellation of pending files.**

The matter of pendency of small industrial and non domestic connections in non abadi areas came-up for discussion in the conference of Sr. officers of Jaipur Discom held on 11-5-07. It was informed that reason for pending SIP and NDS connections is mainly due to applying for connections by the villagers in disguise of agricultural connections. Such back door entry is to be discouraged. The matter was subsequently put-up before the BODs of Jaipur Discom in its 124<sup>th</sup> meeting held on 7-6-07. After discussion, it has been decided that small industrial/ non domestic connections are not to be released unless they produce the land use conversion documents issued by the competent authority. However, in cases of genuine industrial connection who have already drawn loans from financial institutions and the work of construction has also been completed/about to complete the concerned circle SE is empowered to sanction release of such connections on the basis of merits of individual case. It has also been decided that this order shall not be applicable for NDS connections already taken/or applying for towers by M/s. BSNL, Airtel, Reliance and Hutch etc.

By order,

(B.L. Agarwal)  
Chief Engineer (Comml.)
