JPRS-429

No..JPD/CE(Comml)/SE(C)/C.I/F.4(210)/Pt.XIV/D. 2071 Dt. 26-10-07

ORDER

Sub: Permitting the applicant for industrial connection to provide their own CT-PT set, if the same are not available in our Stores.

On number of occasions there were scarcity of CT-PT sets with the Discoms. However, all efforts are generally made so that there remains sufficient availability of CT/PT Sets. But due to one or the other reasons we are facing scarcity of CT/PT sets. This, not only delays the release of connection but also deprives the Discom from getting revenue from sale of electricity.

In this context, the matter was also discussed in the meeting of Executive Engineers of important industrial areas held on 27-8-07. It was decided that only in cases, the CT/PT sets of required ratios are not available in our circle/Sub-division Stores etc and after obtaining non availability and no objection certificate from SE (M&P) the applicant may be advised to bring their own CT/PT sets for avoiding delay in release of power connection.

However the CT/PT sets should be as per specifications prescribed by Discom and are of make/firm as approved by Jaipur Discom. This CT/PT set has to be tested by our CTL/ Meter laboratory for required tests before installations.

(B.L. Agarwal)
Chief Engineer (Comml.)
