No. JPD/ACE/XEN/C.II/F.4 (117)/Pt.1/D. 122 Dt.24.01.2002

CIRCULAR

Sub : Sharing the cost of shifting of existing electric lines.

In accordance with the existing order No. RSEB/DCO/C.I/F.4 (117)/95/Pt.II/D.1527 dt. 23-5-96 (Comml.170), the electric lines, passing over buildings and other structures which may prove hazardous to life and property could be shifted from one place to another place by recovering only (fifty) 50% of the total cost of the estimate for shifting, from persons (s)/agencies desiring such shifting. The balance (fifty) 50% of the cost would be borne by Jaipur Discom.

It has been reported that the said order is not being followed in the field in its right spirit. It is, therefore, reiterated that in cases where the electric lines are likely to cause hazards could be shifted from one place to another by recovering 50% of the total cost of the estimate for shifting from persons (s)/ agencies desiring such shifting. The balance 50% of the cost shall be borne by Jaipur Discom. However, for preparing the estimate, order No. JPD/CAO/Rules/F.251/ D.162 dt. 17-1-2001 (JPR6-52) will be applicable which stipulates that a uniform overhead charges @ 50% (fifty percent) of the cost of material shall only be charged instead of earlier practice of charging, which was in the vicinity of 93%.
