ORDER

Sub :Antidated/over riding priority for
releasing agriculture connections to
physically handicapped persons.

Vide order No. D.36 dt. 8-1-2002 (JPR5-54) antidated/over riding priority of three years to the physically handicapped persons having disability 50% and above for releasing electric connection under agriculture category was allowed. Addl.Commissioner (Disabilities) has requested to review the provisions of 50% disabilities as under Section-2 (B) of Act-1995 only 40% disability is considered sufficient.

The matter was discussed in the meeting of the Coordination Committee held on 2-2-2002 and it was endorsed that the facility of antidated/over riding priority of three years should be allowed to physically handicapped persons having disability 40% and above only instead of 50% and above for releasing electric connection under agriculture category.

By order,
