ORDER

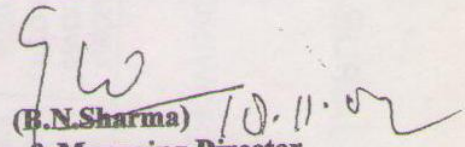

Sub : Action Plan for monitoring of the implementation of disconnection orders (DCOs) & Checking of Permanently disconnected (PDC) connections.

The issue of effective monitoring of the implementation of DCOs and checking of PDC connections was discussed while reviewing the outstandings against various consumers and it was decided that following steps should be taken to monitor the implementation of DCOs and checking of PDC connections :-

- (1) The information regarding disconnection which was being furnished in the DO format No. Annexure - XVI has been revised and as such information shall now be furnished in the revised format, as per Annexure-'A'.
- (2) The statement for monitoring of disconnection orders (DCOs) shall be maintained at the level of ARO and JEN in the Annexure B-1 & B-2.
- (3) 100% physical checking of output reprot No. 22 & 23 received from computer agencies regarding list of connections lying disconnected for more than 2 months but meter and service line not removed, shall be carried out by JEN concerned.
- (4) Following norms are prescribed for physical checking of the disconnections:-

Scale of outstanding	JEN	AEN	XEN	SE
Outstanding more than Rs. 1,000/-	5%	2%	Nil	Nil
Outstanding more than Rs. 5,000/-	100%	20%	5%	Nil
Outstanding more than Rs. 10,000/-	100%	50%	10%	5%

The above instructions shall come into force with immediate effect.
