Sub:- Depositing the distribution transformers (single phase & three phase) failed under Guarantee Period.

It has been observed that a huge quantity of single phase & three phase distribution transformers failed under Guarantee Period are lying in field. It has created difficulty in timely repair of GP failed distribution transformers by the concerned firms. Non depositing of GP failed DT's in stores delays their repairing under GP by the respective firms which may result in insufficient supply of repaired quantity of DT's to field. The timely repair of DT's will keep a balance between new supplies and old repaired DT's to maintain a smooth flow to meet field requirement. Hon'ble Managing Director, Jaipur Discom, Jaipur during his visit to Kukas stores premises under ACOS(JCC) on dt: 03.01.2015 has taken a serious view in this matter and imparted instructions to get deposit all the single and three phase distribution transformers failed under GP lying in field within 7 days in respective circle stores positively.

You are therefore advised to instruct field officers under your control to deposit all the single phase & three phase distribution transformers failed under GP within 7 days positively in circle stores and a certificate to the effect that " No

[Type text]

distribution transformers failed under GP are lying undeposited in field", be furnished to this office for kind perusal of Hon'ble Managing Director, Jaipur Discom, Jaipur.

Please ensure that the figures of distribution transformers failed under GP should match with the figures as indicated in SOM-8(A) & 8(B) of reporting months.

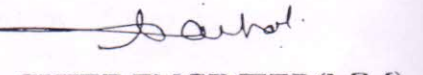

Non-compliance of instructions will be viewed seriously and invite stringent disciplinary action against the defaulters.

(N.K. Kancholia)

CHIEF ENGINEER(MM)
