As per decision taken in the the meeting of important industrial areas held on 22.05.2012, **consumers falling under the feeders of industrial areas have to be billed on monthly basis.**

It is, therefore, enjoined upon all concerned to identify such consumers and revise their billing programme accordingly. They are further advised to arrange to provide meter readings (if required) & input data of all such consumers to the billing agencies timely, so that all the such consumers could also be billed on regular monthly basis, like the consumers already being billed having sanctioned connected load more than 25 HP (18.65KW), at present.
