Sub:- Relief to domestic and agriculture consumers.

Dear sir,

In continuation to this office letter No.JPD/CAO/Rev./D.2255 dt.11.1.05, burden of tariff hike in respect of agriculture and domestic consumers has been extended from 1.1.05 to 30.4.05 instead of 1.1.05 to 31.3.05. Therefore, revision of tariff is to be effected for all such consumers on the consumption made from 1.5.05 and onwards except following reliefs allowed by the State Govt. vide Energy Deptt. order dated 26.5.05 (copy enclosed).

(i) Kutir Jyoti in Rural Area and below poverty line consumers in Kachhi Basties of urban areas:-

Tariff code 1400 is hereby prescribed for consumers below poverty line in Kachhi Basties of urban areas. For Kutir Jyoti consumers, tariff code is already in existence. First 50 units per month of such consumers would be billed @ 85 paise per unit i.e. half of the pre-revised tariff of first 50 units slab and thereafter for consumption more than 50 units per month, revised rates for higher slab i.e.Rs3.50 per unit would be recovered. Fixed charges is recoverable only @ Rs. 50 per month.

(ii) Small domestic connections in rural & urban areas:-

In this category consumers whose average monthly consumption is upto 50 units per month in the previous financial year would be covered. Accordingly first 50 units per month would be billed @ Rs.1.70 per unit and thereafter for consumption exceeding 50 units per month, revised rate for higher slab i.e. Rs.3.50 per unit would be recovered. No relief in respect of new connections released during the year is admissible at the moment, however these consumers would be entitled for relief in the next year if above relief package remain in force.

(iii) **Agriculture consumers:-**

- (a) Flat Rate :- Demand to the consumers will be issued @ Rs. 120 per HP per month instead of Rs.140 per HP per month in respect of general category of consumer (receiving supply less than 24 hours) - tariff code-4100.
- (b) All the metered consumers in agriculture category who are using sprinkler or drip system of farming, then rebate @10 paisa per unit is admissible for which the concerned unit officer will send "P" letter code after tariff code.

It may be noted that demand to the consumers i.e. the energy bills would be sent after giving relief as per package as narrated above but assessment will be carried out in the ledgers as well as in MIS on the basis of tariff order dated 17.12.04. The difference between the two amounts is since recoverable from the State Govt., same may be shown in the bill as well as ledgers as per existing practice. In the ledgers assessment as per revised tariff and also as per bill be shown separately in respect of such consumers eligible for tariff concession. This relief package is applicable for the consumption made w.e.f. 1.5.05, therefore, billing for the month of June,05 may be carried out after incorporating above guidelines.

Yours faithfully,

  
(A. K. Jain)
