

**JODHPUR VIDYUT VITRAN NIGAM LIMITED, JODHPUR**

Registered office:-New Power House Industrial Area-Jodhpur-342003

**OFFICE OF THE CHIEF ACCOUNTS OFFICER (A&R)**

No F.1 ( ) / JdVVNL / Ju. / CAO (A&R) / AO (Rev.) / F-D. 111 Dt. 11/10/2012

**ORDER** (244)

In pursuance of the RERC tariff order dated 08.08.2012 and order No. JdVVNL/MD/CE(HQ)/SE(RA&C)/D.2519 dated 30/08/2012 (JDP-581), issued by the Superintending Engineer (RA&C), Jodhpur Discom, Jodhpur, following instructions are hereby issued in the light of 'Tariff for Supply of Electricity-2012', for strict compliance by all concerned: -

- 1. 'FarmHouse' connections, being billed under tariff code 4700, 4710, 4711, 4800, 4810 & 4811 at present have been transferred to domestic category. With a view to ensure identification and correct billing of such consumers, new tariff codes are hereby allotted as under: -

Supply on	LT	HT	HT
Metering on	LT	HT	HT
Tariff code	1800	1810	1811

The billing agency will transfer the above consumers to newly allotted tariff codes (i.e. 4700 & 4800 to 1800, 4710 & 4810 to 1810 and 4711 & 4811 to 1811) and also provide a list of such consumers with account number, name, address and connected load etc., for further verification by the sub-division.

- 2. Each farm house connection will be checked & verified by the unit officer, promptly. On checking if it is found that energy of the farm house connection is not being utilized for bonafied domestic use, the unit officer and ARO will transfer such connections to respective tariff codes prescribed under NDS category by providing input advice-2A to the billing agency. They will also be responsible for debit of undercharges relating to previous period, if any, simultaneously.
- 3. Wedding house connection being billed under tariff code 2300, 2320, 2310 & 2311 are to be treated equally at par with other non-domestic consumers for release of connection and application of tariff. As such, tariff codes 2300, 2320, 2310 & 2311 are hereby withdrawn with immediate effect. Further, such consumers will be transferred by the billing agency to the respective non domestic tariff codes, as under: -

Existing tariff code	To be transferred to
2300	2000
2320	2020
2310	2010
2311	2011

At present, lighting connections of public parks are being billed under PSL/LT-3 whereas pumping sets of public gardens belonging to the Government/ Local Bodies are being billed under Agriculture Service. Since the aforesaid connections have now been categorized under the tariff schedule ML/LT-7, the unit officers will immediately identify such connections and transfer such connections to the respective tariff codes prescribed under Mixed Load category by providing input advice-2A to the billing agency. They will also be responsible for debiting of undercharges of previous period, if any, simultaneously.

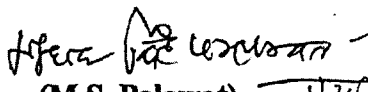

Radio Stations, Television Stations and their Transmitters are being billed under tariff schedule ML/LT-7. Since all such connections have now been transferred under the tariff schedule NDS/LT-2, the unit officers will immediately identify such connections and transfer such connections to the respective tariff codes under Non-Domestic category by providing input advice-2A to the billing agency. They will also be responsible for debiting of undercharges of previous period, if any, simultaneously.

The agriculture consumers (metered & flat rate, both) have now been categorized under two sub categories only. The first one is general and getting supply in block hours whereas the second is applicable for the remaining consumers not covered under the general category and also for the consumers getting more than block hour supply. The field officers will, therefore, ensure correct application of tariff, accordingly.

Instead of load based tariff under SP/LT-5, slab based energy charges will be applicable on the units consumed.

The Medium Industrial Consumers having supply on LT may also opt for billing on demand basis. As such, provisions applicable for charging of the fixed charges and demand surcharge to MP/HT-3 consumers shall also apply to such consumers.

The above order shall come into force from the date of implementation of 'Tariff-2012' i.e.10/08/2012.
