The Chief Accounts Officer (R&C)

Jaipur Discom,

Jaipur.

Sub: - Necessary corrections to be made in billing software.

While perusing MIS 3.1 it has been observed that timer rebate @30 paise per unit which is being given to street light consumers but the same has been withdrawn from February 2015 still it appears there in MIS. As such it is requested to please get deleted the rebate charges @30 paise under PSL category which is being given under tariff code 3200 and 3300.

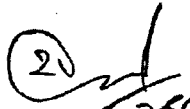

Further the 5% rebate given to consumers in case of billing is done on average basis for stop and defective meter should be given through CB-15 (transaction code 48 and 68) instead of CB-12 (transaction code 48 & 68). There is Col. No. 35 for 5% rebate on stop and defective meter in MIS 3.1., hence the amount should be shown in MIS 3.1 instead of MIS 3.2.

You are therefore requested to pursue the matter for getting the corrections done in billing software.
