**STANDING ORDER NO. 16/05**

**Field Inspection Squads for Rural areas**

In order to ensure the quality and verification of quantity of work executed by the various contractors under CLRC works in ongoing centrally sponsored schemes / other sanctioned works, a field inspection squad (FIS) is to be created at each circle level for inspection of following activities:-

1. Sample verification of the actual work done by the CLRC contractors vis-à-vis the work claimed in the bills.
2. Taking the sample meter readings of consumers and making it available to AEN/ARO for cross verification with meter readings taken by contractor or field staff.
3. Inspection of 33KV Sub-station to identify the defects/shortcomings and to rectify technical shortcomings timely. The Sub-station should be completed in all respect before commissioning. Any wrong reporting should be brought to the notice.
4. Checking of 11KV feeder in rural areas for ensuring compliance of technical standards of installation and release of new connections.
5. To obtain the consumer feedback for power supply related matters.
6. Checking the quality of installation of meter, underground cables and other installations in District, headquarter/Municipal towns / Industrial areas

1. DIR  
2. CE  
3. CAO  
4. DYCE  
5. COMR. SECY.  
6. SE  
7. XEN  
8. ASP (VIG.)  
9. SH  
10. PRO

T.A.

M.D.

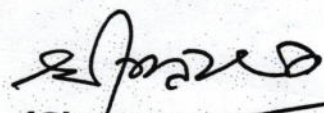

7. Targets of each squad shall be following:-
- (a) 10 Nos. 33KV Sub-station, randomly selected per month.
  - (b) 10 Nos. 11KV feeders randomly selected per month.
  - (c) Consumer feedback from at least 30 Sarpanch/reputed person in the village/area concerned.
  - (d) Checking of at least one Ag. Transformer and one single phase transformer in the village alongwith taking 100% meter reading of consumers for verification on that single phase transformer for cross verification of readings.
  - (e) The report shall be submitted by the Feeder Inspection Squad to the concerned Superintending Engineer in the formats enclosed herewith.

In addition to above mentioned activities, if the quality inspection squad observes any other discrepancies, the same should be reported to concerned Superintending Engineer. The quality of all the above referred activities should be checked as per latest standard issued by CEA and in case CEA standards is not available for any activity then REC standard should be referred.

MDs shall issue orders for creation of one inspection squad at each circle Head quarter for every 400 nos of 11KV feeders as far as possible to carry out above activities. Each squad will consist of one AEN/Feeder Manager with three skilled technical helpers. The Feeder Managers will be absolved from their existing duties and they will be exclusively utilized as Incharge of field inspection squad.
