Message from the Desk of Managing Director

Dear Colleagues,

At the outset, I take this opportunity to offer my sincere wishes on the occasion of 69th Republic Day of India. The journey of Jodhpur Discom (which commenced from 19.07.2000 is going to leave behind its adolescence and gearing up for attaining majority during the current year) has been a long one. Your company has achieved many milestones during the period on all fronts. The services provided by the Company are being acknowledged all over. All of this could not have happened without the unstinted efforts put in by all of you.

The efforts put forth by the Jodhpur City Circle, Jodhpur Discom are being acknowledged at the State level and the SE, City Circle is going to receive the State Level Award on the occasion of Republic Day on 26th January, 2018. I offer my sincere thanks to the SE(CC), Jodhpur and his entire team for this achievement.

Despite the huge area, widespread tough geographical terrain, providing energy to agriculture sector and reaching out to unconnected households, your company has been at the forefront in providing best services.

Despite the hard work being put in by you I am disturbed by the recent incidents of corrupt practices and trap cases that have come to light. Not only do episodes like these sully the image of the Discom they are hugely damaging for the lives and families of the persons concerned. Needless to say, we all live in a society where such incidents take a heavy toll on the individual concerned as well as on the families.

Today, I ask you for a brief moment to recall your own feelings at the time of joining the Discom. For many of you this job was the fulfillment of a long struggle and for each one of you I am sure that moment brought exceptional joy and happiness to your families.

When we enter Government Service, for all our family and friends it is the start of a long fulfilling career with bright prospects ahead. The very opportunity of being in Government service is available to such a select few that only those with the best talent are so fortunate. In our families and in society we are expected to work honestly,

sincerely and rise to the highest positions in our cadre of selection. Then why is it that some of us jeopardise our own lives, our careers and the lives of our families for a little bit of temptation.

The recent incidents of corrupt practices are therefore very disturbing to me and today I reach out to you as a member of the Discom family with concern and request you to spare a moment and think of turbulence that the families of those who get embroiled in this mess find themselves in. Ask yourselves is the temptation worth the loss of face in society, the damage that is inflicted on parents and our children?

On the occasion of the 69th Republic Day of India, I wish to call upon the Discom family members to rise to the occasion and present the highest standards of morality, sincerity, integrity and transparency in work. Take pride in being part of the Discom family and set such high standards for yourself that society respects you for working in this organisation. There are no shortcuts to success and success is bound to knock on your doors if you have put forth your best.

Best wishes,

(Arti Dogra)
Managing Director
